CENTER FOUNDATION**

**FINANCIAL STATEMENTS**

**FOR THE YEAR ENDED  
JUNE 30, 2022**

## INDEPENDENT AUDITOR'S REPORT

To the members of National Cleaner Production Center Foundation

Report on the Audit of the Financial Statements

### Opinion

We have audited the annexed financial statements of National Cleaner Production Center Foundation (the Company), which comprise the statement of financial position as at June 30, 2022, the statement of income and expenditure, the statement of other comprehensive income, the statement of changes in accumulated funds, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of income and expenditure and the statement of other comprehensive income, the statement of changes in accumulated funds and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2022 and of the surplus and other comprehensive income, the changes in accumulated funds and its cash flows for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the director's report, but does not include the financial statements of the Company and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

A. F. FERGUSON & CO., Chartered Accountants, a member firm of the PwC network  
74-East, 2nd Floor, Blue Area, Jinnah Avenue, P.O.Box 3021, Islamabad-44000, Pakistan  
Tel: +92 (51) 2273457-60/2604934-37; Fax: +92 (51) 2277924, 2206473; < www.pwc.com/pk >

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If based on the work we have performed, on other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

*S.A.F.F.*

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of income and expenditure, the statement of comprehensive income, the statement of changes in accumulated funds and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Mr. JehanZeb Amin.

**NATIONAL CLEANER PRODUCTION CENTER FOUNDATION  
(A COMPANY UNDER SECTION 42 OF THE COMPANIES ACT, 2017)  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2022**

**1 LEGAL STATUS AND OPERATIONS**

National Cleaner Production Center Foundation (the Company) was incorporated on November 14, 2002 under Section 42 of the then applicable Companies Ordinance, 1984 (repealed by the Companies Act, 2017) as a company limited by guarantee. The registered office of the Company is situated at Morgah, Rawalpindi. The Company is working as a not for profit entity, with the ultimate aim to improve the environmental conditions which in turn contributes to the welfare of community. The objective of the Company is to provide support in respect of cleaner fuels and environment to the ministries dealing petroleum and environmental matters in Pakistan, to establish the use of cleaner production processes in the petroleum refining sector and other industries, to address air emissions, waste water and solid waste management etc.

**2 STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The approved accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Accounting Standard for Not for Profit Organizations (Accounting Standard for NPOs) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or the Accounting standards for NPOs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

**3 NEW AND REVISED STANDARDS AND INTERPRETATIONS**

3.1 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company:

	Effective date (annual reporting periods beginning on or after)
IAS 1 Presentation of Financial Statements (Amendments)	January 1, 2023
IAS 8 Changes in Accounting Estimates and Errors (Amendments)	January 1, 2023
IAS 12 Income Taxes (Amendments)	January 1, 2023
IAS 16 Property, plant and equipment (Amendments)	January 1, 2022
IAS 37 Provisions, Contingent Liabilities and Contingent Assets (Amendments)	January 1, 2022
IAS 41 Agriculture (Amendments)	January 1, 2022
IFRS 3 Business combinations (Amendments)	January 1, 2022
IFRS 9 Financial instruments (Amendments)	January 1, 2022
IFRS 16 Leases (Amendments)	January 1, 2022

The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than the impact on presentation / disclosures.

*SAJJE*

Further, the following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP), for the purpose of their applicability in Pakistan:

IFRS 1 First-time Adoption of International Financial Reporting Standards  
IFRS 17 Insurance Contracts

The following interpretations issued by the IASB have been waived of by SECP:

IFRIC 12 Service concession arrangements

### **3.2 Standards and amendments to approved accounting standards that are effective**

There are certain arrangements and interpretations to the accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2021. However, these do not have significant impact on the Company's financial reporting.

## **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **4.1 Basis of measurement**

These financial statements have been prepared under the historical cost convention except that investments are carried at amortised cost using effective interest rate method.

### **4.2 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistani Rupees, which is the Company's functional currency.

### **4.3 Property, plant and Equipment**

#### **a) Cost**

These are stated at historical cost less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the asset. Capital work-in-progress, are stated at cost.

#### **b) Depreciation**

Depreciation is charged to the statement of income and expenditure using the straight-line method to allocate their cost less residual values over their estimated useful lives at the rates specified in note 6. Depreciation on additions is charged from the month of purchase, while no depreciation is charged in the month of derecognition/disposal.

#### **c) Repairs and maintenance**

Maintenance and normal repairs, including minor alterations, are charged to statement of income and expenditure as and when incurred. Renewals and improvements are capitalised and the assets so replaced, if any, are retired.

#### **d) Gains and losses on disposals**

Gain or loss on disposal of operating assets is included in other income in statement of income and expenditure.

#### **4.4 Trade debts**

These are recognized and carried at the original invoice amounts, being the fair value, less an allowance for uncollectible amounts, if any. The Company applies simplified approach allowed under IFRS 9 to measure the lifetime expected credit loss (ECL) for trade debts.

#### **4.5 Taxation**

The Company holds status of a not for profit organization under the Income Tax Ordinance, 2001 (the Ordinance), thus it claims exemption from income tax in accordance with the related provisions of the Ordinance. Further, no provision for taxation has been made in the financial statements since the Company does not have any income chargeable to income tax.

#### **4.6 Provisions**

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate of the amount can be made.

#### **4.7 Trade and other payables**

Liabilities for trade and other payables, including payable to related parties, are carried at cost, which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

#### **4.8 Impairment of non-financial assets**

Assets that have an indefinite useful life, for example land, are not subject to amortisation or depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels, for which there are separately identifiable cash flows. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each statement of financial position date. Reversals of the impairment losses are restricted to the extent that assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss has been recognised. An impairment loss or reversal of impairment loss is recognised in the statement of income and expenditure.

#### **4.9 Contingent liabilities**

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

The management exercises judgement in measuring and recognizing the exposures to contingent liabilities related to pending litigations or other outstanding claims. Judgement is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement.

#### 4.10 Revenue recognition

- (i) Revenue from services is recognised as and when the services are rendered to the extent it is probable that the economic benefits from the transactions will flow to the Company and the revenue can be reliably measured. Revenue is recognised at the fair value of the consideration received or receivables, net of discount and sales related indirect taxes.
- (ii) Income from bank deposits is recognized using effective yield method.

No element of financing is deemed present as the sales are made with a credit term of 10 days.

#### 4.11 Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents consist of cash in hand, bank balances and highly liquid short term investments.

#### 4.12 Financial instruments

All financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. All the financial assets are derecognized at the time when the Company loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognized at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gains or losses on de-recognition of the financial assets and financial liabilities are taken to the statement of income or expenditure.

##### (i) Financial assets

###### Classification

The Company classifies its financial assets in the following measurement categories:

- a) Amortized cost where the effective interest rate method will apply;
- b) Fair value through profit or loss;
- c) Fair value through other comprehensive income.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in statement of income or expenditure or other comprehensive income (OCI). For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVTOCI). The Company reclassifies debt investments when and only when its business model for managing those assets changes.

###### Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

*SAJ/SK*

## **Measurement**

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statement of Income and Expenditure.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

## **Debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

### **(a) Amortised cost**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in income or expenditure and presented in other operating gains/(losses), together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of income or expenditure.

### **(b) Fair value through other comprehensive income (FVTOCI)**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in income or expenditure. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of income or expenditure and recognised in other income / charges. Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / charges and impairment expenses are presented as separate line item in the statement of income or expenditure.

### **(c) Fair value through profit and loss (FVTPL)**

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in the statement of income or expenditure and presented net within other operating gains / (losses) in the period in which it arises.

## **Equity instruments**

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to income or expenditure following the derecognition of the investment. Dividends from such investments continue to be recognised in income or expenditure as other income when the Company's right to receive payments is established.

### **De-recognition of financial assets**

A financial asset (or, where applicable part of a financial asset or part of a group of similar financial assets) is derecognized when:

- The rights to receive cash flows from the asset have expired
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset.

In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### **Impairment of financial assets**

The Company assesses on a forward looking basis the Expected Credit Losses (ECL) associated with its debt instruments carried at amortised cost and FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Following are financial instruments that are subject to the ECL Model:

- Trade debts
- Advances, deposits, prepayments and other receivables
- Short term Investments
- Cash and bank balances

#### **(a) Simplified approach for trade debts**

The Company recognises life time ECL on trade debts, using the simplified approach. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Trade debts are separately assessed for ECL measurement. The lifetime expected credit losses are estimated using the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

*SAT*

**(b) General approach for short term investment, deposits and other receivables and cash and bank balances**

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (adjusted for factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 month expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. In the absence of a change in credit rating, allowances are recognised when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognised without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 month to lifetime expectations.

**Significant increase in credit risk**

The Company consider the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations;
- actual or expected significant changes in the operating results of the debtor;
- significant increase in credit risk on other financial instruments of the same debtor;
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees,
- significant financial difficulty of the borrower;
- a breach of contract, such as a default or past due event;
- the company for economic or contractual reasons relating to the borrower's financial difficulty, have granted to the borrower a concession(s) that the Company would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties; if applicable.

**Definition of default**

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

Irrespective of the above analysis, in case of trade debts, the Company considers that default has occurred when a debt is more than 730 days past due, unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

#### **Write-off**

The Company write off financial assets, in whole or part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's source of income or assets to

#### **Recognition of loss allowance**

The Company recognizes an impairment gain or loss in the statement of income or expenditure for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

### **(ii) Financial liabilities**

#### **Classification, initial recognition and subsequent measurement**

The Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss; and
- other financial liabilities

The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognized initially at fair value and, in case of other financial liabilities, also include directly attributable transaction cost. The subsequent measurement of financial liabilities depends on their classification, as follows:

#### **a) Fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss. The Company has not designated any financial liability upon recognition as being at fair value through profit or loss.

#### **b) Other financial liabilities**

After initial recognition, other financial liabilities which are interest bearing are subsequently measured at amortized cost, using the effective interest rate method. Gain and losses are recognized in the statement of income or expenditure, when the liabilities are derecognized as well as through effective interest rate amortization process.

#### **De-recognition of financial liabilities**

The Company derecognises financial liabilities when and only when the Company's obligations are discharged, cancelled or they expire.

### **(iii) Off-setting financial assets and financial liabilities**

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position, if the Company has a legally enforceable right to set off the recognized amounts, and the Company either intends to settle on a net basis, or realize the asset and settle the liability simultaneously.

*WJZL.*

#### 4.13 Lease liability and right-of-use asset

At inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments include fixed payments, variable lease payment that are based on an index or a rate amounts expected to be payable by the lessee under residual value guarantees, the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option, less any lease incentives receivable. The extension and termination options are incorporated in determination of lease term only when the Company is reasonably certain to exercise these options.

The lease liability is subsequently measured at amortised cost using the effective interest rate method. It is remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in income and expenditure if the carrying amount of right-of-use asset has been reduced to zero.

The right-of-use asset is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentive received. The right-of-use asset is depreciated on a straight line method over the lease term as this method most closely reflects the expected pattern of consumption of future economic benefits. The right-of-use asset is reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company assess the lease term as the non-cancelable lease term in line with the lease contract together with the period for which the Company has extension options which the Company is reasonably certain to exercise and the periods for which the Company has termination options for which the Company is not reasonably certain to exercise those termination options. The reasonably certain period used to determine the lease term is based on facts and circumstances related to the underlying leased asset and lease contracts and after consideration of business plan of the Company which incorporates economic, potential demand of customers and economic changes.

The Company has opted not to recognize right of use assets for short-term leases i.e. leases with a term of twelve (12) months or less and low value leases. The payments associated with such leases are recognized in statement of income and expenditure when incurred.

*DA772L*

## 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with approved accounting and reporting standards requires the use of certain accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The area involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are as follows:

- i) Impairment of financial assets - note 4.12
- ii) Estimated Useful life of property, plant and equipment - note 6
- iii) Right of use asset and lease liability - note 6.2 and note 12
- iv) Contingencies and commitments - note 14

	<u>24,408,560</u>	<u>12,879,002</u>

**21.2 Credit quality of financial assets**

The credit quality of Company's financial assets has been assessed below by reference to external credit ratings of counter parties determined by The Pakistan Credit Rating Agency Limited (PACRA) and JCR - VIS Credit Rating Company Limited (JCR-VIS). The counterparties for whom external credit ratings were not available have been assessed based on their historical information for any defaults in meeting obligations.

	Rating Agency	Rating Short term	2022 Rupees	2021 Rupees
Trade debts and other receivables				
Counter parties without external credit rating				
Due from associated companies			2,284,854	1,624,496
Others			18,584,865	24,373,861
			<u>20,869,719</u>	<u>25,998,357</u>
Bank balances and short term investment				
Counter parties with external credit rating				
The Bank of Punjab	PACRA	A 1+	33,648,128	31,551,125
Habib Bank limited	JCR-VIS	A 1+	96,428,028	78,906,155
			<u>130,076,156</u>	<u>110,457,280</u>

**21.3 FINANCIAL RISK MANAGEMENT**

**21.3.1 Financial risk factors**

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rate risk and price risk). The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

**a) Credit risk**

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The Company's credit risk is primarily attributable to its trade debts, other receivables and placements with banks. Services are rendered essentially to group companies and other reputable customers. The credit risk on liquid funds is limited because counter parties are banks with reasonably high credit ratings.

The aging analysis of gross trade debts which are past due as follows:

	2022 Rupees	2021 Rupees
0 to 6 months	11,476,189	9,692,468
6 to 12 months	2,287,613	2,988,398
1 year to 2 years	1,579,531	5,783,751
above 2 years	10,673,564	8,770,058
	<u>26,016,897</u>	<u>27,234,675</u>

**b) Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a reasonable period, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the maturity date. The amounts disclosed in the table are undiscounted cash flows.

	Carrying amount Rupees	Contractual cash flows Rupees	Less than 1 year Rupees	Above 1 year Rupees
At June 30, 2022				
Trade and other payables	15,238,347	15,238,347	15,238,347	-
Lease liability	9,170,213	9,170,213	3,372,518	5,797,695
At June 30, 2021				
Trade and other payables	10,634,054	10,634,054	10,634,054	-
Lease liability	2,244,948	2,244,948	2,244,948	-

It is not expected that the cash flows included in the maturity analysis above could occur significantly earlier or at significantly different amounts.

**c) Market risk**

**i) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company is not exposed to currency risk.

**ii) Interest rate risk**

Interest rate risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in interest rates. Financial assets include Rs 130,076,156 (2021: Rs 110,457,280), which are subject to interest rate risk. Applicable interest rates for financial assets have been indicated in respective notes.

**iii) Sensitivity analysis**

At June 30, 2022 if the interest rates had been 1% higher/lower with all other variables held constant, surplus for the year would have been Rs 1,300,761 higher / lower (2021 : Rs 1,104,573 higher / lower), mainly as a result of higher/lower interest income from these financial assets.

**iv) Price risk**

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

At the year end the Company is not exposed to price risk since there are no financial instruments, whose fair value or future cash flows will fluctuate because of changes in market prices.

*S. S. S.*

### 21.3.2 Capital risk management

The Company is not subject to externally imposed capital requirement.

### 21.3.3 Fair value of financial assets and liabilities

The carrying values of all financial assets and liabilities approximate their fair values.

## 22 RELATED PARTY TRANSACTIONS

The related parties comprise of directors, key management personnel and entities over which the directors are able to exercise influence on financial and operating policy decisions. Amount due from and due to these undertakings are shown under receivables and payables. The remuneration of Chief Executive Officer and directors is disclosed in note 20 to the financial statements.

The following transactions were carried out during the year with related parties:

	Basis of association	Aggregate % of Shareholding	2022 Rupees	2021 Rupees
Attock Refinery Limited	Common Directorship	Nil		
Sale of services by the Company			4,143,804	3,949,915
Purchase of goods and services by the Company			31,799,830	19,219,365
Rent paid by the Company - Note 22.1			4,164,777	3,868,625
Attock Hospital (Private) Limited	Common Directorship	Nil		
Sale of services by the Company			457,973	526,865
Purchase of services by the Company			80,281	117,215
Attock Petroleum Limited	Common Directorship	Nil		
Sale of services by the Company			25,322,423	9,522,179

22.1 Rent paid by the company mainly pertains to Right of use asset, acquired from Attock Refinery Limited, an associated company.

## 23 OFFSETTING OF FINANCIAL ASSETS AND LIABILITIES

Trade payables presented in the statement of financial position include aggregate payable balance of Rs. 2,917,921 (June 30, 2021: Rs. 2,650,824) set off against aggregate receivable balance of Rs. 735,198 (June 30, 2021: Rs. 104,400) due from / to same party.

## 24 GENERAL

### 24.1 No. of employees

Total number of employees at the end of the year	11	11
Average number of employees for the year	11	12

	Kilograms	Kilograms
<b>24.2 Capacity of industrial unit - incineration plant</b>		
Annual Capacity	2,160,000	2,160,000
Actual utilization	756,339	1,162,004
Shortfall	1,403,661	997,996

Waste management services include revenue from incineration plant. The decrease in plant utilization is primarily attributable to the fact that enough waste was not received during the year for incineration purposes from clients, however an increase in revenue for waste management services is observed due to increase in rate per KG of incineration and an increase in revenue from bioremediation services.

**24.3 Impact of COVID-19**

The spread of Covid - 19 as a pandemic and consequently imposition of lock down by Federal and Provincial Governments of Pakistan (Authorities) caused an overall economic slow down and disruption to various businesses. However, as a result of steps taken by the Authorities including efforts to get vaccination of larger segment of population, the businesses are resuming. Accordingly, as of the date of financial statements, the management of the Company has not observed any particular material adverse impact to the Company's business, financial conditions and result of operations. Management will continue to monitor the potential impact, and if necessary, will take all steps possible to mitigate any effects.

**24.4** Figures have been rounded off to the nearest rupee unless otherwise stated.

**25 DATE OF AUTHORIZATION FOR ISSUE**

These financial statements are authorized for issue by the Board of directors of the Company on
